

A

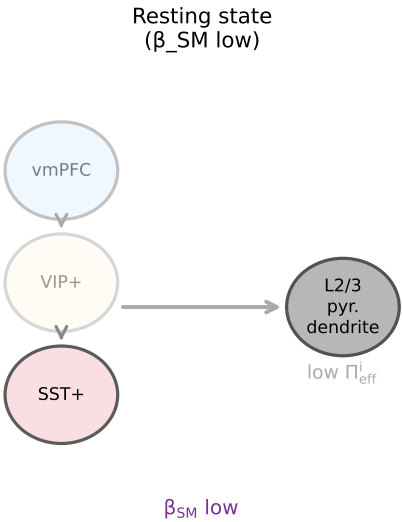

Proposed circuit — vmPFC→insula→VIP+→SST+→L2/3 pyramid  
(convergent anatomical evidence; causal validation pending)

$$\Pi_{\text{eff}}^i = \Pi_{\text{baseline}}^i \cdot \exp(\beta_{\text{SM}} \cdot M(c, a))$$

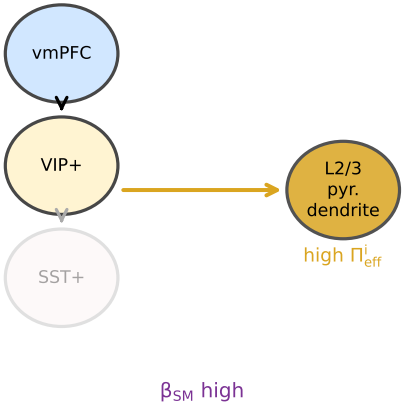

Proposed pathway — causal evidence pending chemogenetic/optogenetic validation (§6.6)

B

Somatic-marker retrieval ( $\beta_{\text{SM}}$  high)

C
